

O S T E R M A N

FLEXIBLE FOOD PACKAGING

Superior polyethylene, polypropylene and engineering resins to help you reduce costs, improve performance and ensure reliability of supply.

- Osterman has the resin and formulation know-how that allows our customers to produce cutting edge films – from barrier films to breathable films and everything in between. This includes packaging for frozen foods, powder goods, carton liners and baked goods. We can help you reduce costs, improve performance, and ensure you have a reliable source of supply.
